

CAPABILITY STATEMENT

COMPANY OVERVIEW

ABILITY is a leader in digital accessibility that serves clients across the USA at the federal, state, local, and commercial levels. We evaluate websites, web/mobile applications, and documents for compliance with national laws including Section 508 and the Americans with Disabilities Act (ADA). Our accessibility team also includes multiple Section 508 Trusted Testers. We make remediation recommendations for our clients and provide them with trackable, consistent accessibility progress through a range of services, including accessibility consultation, software-as-a-service, auditing, and certification - all grounded in Web Content Accessibility Guidelines (WCAG) conformance. Our accessibility experts guide clients through every step of their digital accessibility journey, allowing clients to learn and incorporate accessibility best practices into their internal team's repertoire of skills.

CORE COMPETENCIES

ABILITY works closely with clients to pinpoint all necessary steps that must be taken in order to achieve their unique digital accessibility needs and goals. To effectively meet federal law and also ensure the highest level of WCAG conformance, the ABILITY team is well-versed in:
